ASB Commission

ASB President Calvin Gordon

Gentlemanly, brainy, quiet until some yelling is really needed, gutsy, did the best job so far at Soquel in providing leadership, interested enough in all phases of school activity to pitch in and do something about it--are all things that can truly be said about our ASB President.

Freshmen Orientation
September 1966

Above: Advisor Swasey looks in the spirit of things.

Right: Pom pon girls look pretty

Below: Over 600 freshmen look like a lot of freshmen.

Freshmen Orientation

A lot of planning, effort, and people were involved in the biggest and most complete freshmen orientation ever staged in these parts. It all paid off in the weeks that followed. All those 600 frosh fitted smoothly into Soquel High.

The pom pon girls did a routine; ASB President Cal Gordon made a welcoming speech, Mr. Soderholm told about Soquel High, and the dean told how to stay out of trouble at SHS.

Juniors

Contrary to public opinion, Juniors are the school leaders. They are given charge of the Homecoming and Junior Prom, more than a fair share of school activities. In between these projects, the class is out collecting bottles and planning teacher-student basketball games in order to raise money. At the end of the year, when other classes close up shop, the Juniors are still busily working and worrying—just to make sure we have a Senior Class Project. One must admit that the Juniors are the most constructive, energetic, industrious class at Soquel High.

Football is a test of one's being against another, of unity against unity. This requires tumultuous strife, sincere wrath and in the end, tremendous control. The player must love the game above the prize, for without this desire, football is nothing. And when the game is over and there is nothing left but time, he can say, "I have fought well to conquer."

Cabrillo College Day

Early one October morning Soquel High seniors traveled to Cabrillo College. At the auditorium Cabrillo's Dean gave an enlightening talk along with slides concerning what Cabrillo has to offer to the new student. Later the young scholars were escorted on a tour of the campus. The students then were free to go to what ever class that interested them. After two hours at the College, the busses were boarded for home. Much excitement was felt by the students at the thought of having to wait only a few more months before attending this institute of higher learning.

The main purpose of the girls' leaders is to assist the gym teachers. The second is to set a good example. It is not easy to become a leader. It requires a test in many sports plus questions concerning problems that might confront a leader. There are many duties of the leaders, taking roll, leading exercises, recording various scores, correcting papers, officiating after-school sports, demonstrating skills and assisting in grading. Although the work is hard the leaders will never forget the experiences they have gained.

Take it easy - only the flag!

I don't know where it's at.

Everybody go that way.

Dana,
It was really
a gas,
You know, in Council's
class,
Though you were often right,
You were not very bright.
But, I will rhyme(?) no more
For you will get very sore.
Till next year,
Willie

Dana
It's been a wonderful
year for everyone, especially
me. I've gotten to know
lots of great kids and
your one of them
Linda

Dana
this is the
first year I've
really gotten to

had a lot of fun in
World History together. Stay
as nice as you are and you'll
go a long way in life. May
all your dreams become realities and
I hope you get everything in life you've
ever wanted.
See ya next year!
love ya,
Marilyn

Dana - little

Love ya
Pam

I'm back again
aren't you glad - If you
ever have warts, and your
family recipe won't get rid
of them, come to me, and I'll
get you some spunk water.
OK! You'd better be a good boy
this summer, and don't cause
any trouble - do you hear
me — Maybe it'll be fun
very much this Summer
do something together
Love ya
Pam
